We hosted Tea Ceremony on January 22nd (sat).

We have invited Master of Urazenke Ms. Chizuko Inose and her pupils.

41 people including Japanese joined this Tea Ceremony. When It started, 6-10 people were asked to move to where red carpet is and asked to sit properly (erect with their legs folded under them.)

They watched Ms. Chizuko making Green Tea and she told participants about manners of Japanese Tea Ceremony. They enjoyed Green Tea and Japanese traditional sweets. When they had difficulty sitting down properly they are allowed to sit loose. Some participants demanded to make tea by themselves, and Ms. Chizuko thought them how to do it. This seems to be well received and quite a few participants tried it.

We learned from questionnaire after the Tea Ceremony that participants satisfied with this event,

Wow! Participants
tried to make the tea.

How was the
taste ..

Look, They are
sitting properly. Hope
they didn't have their
feet numb.
