

We made pen stands with traditional Japanese Paper!

This time, we invited Ms. Nonaka as a instructor. We made pen stand using used milk cartons. We build milk cartons together as she showed us how to do it. Attendants were offered 5 different kinds of Japanese paper to choose for their pen stands. They stuck the paper onto the milk cartons. Please see the pen stands they made on the bottom of this page. Good job everybody and thanks to the volunteers.

All the milk cartons were cut into pieces in advance therefore it took only 1 hour to complete the pen stands.

[It is fun] [This pen stand was very easy to make although it looks so nice!] [I was wondering how to make... now I know!] [I want to join again.]

Look at these ! Very nice !!

Date : Oct 1st (sun) PM 3:00~4:00
Place : IwamaShimin Plaza 3F
Fee : Free (Foreigners), JPY500(Japanese)
