**Jiraphat
 Nakata-san**

Thai food is one of most popular ethnic foods. Jiraphat Nakata san, who has been here in Japan for 8 years and has a lot of experience for Thai cooking class, will showed us easy-to-cook-at-home recipe and taught us thai greeting words. That was fantastic.

Easy Home Recipe ~Thai~

This time we had lots of participants with cancellation line. Our participants were received well because we could adjust the level of the heat of Red Curry. Smells Nampla in all of our kitchen and it became an asiatic lunch.

Thai curry is set in different plates with fork and spoon. We learnt easy thai language.

Ladies add “ka---” to the end of sentences and men add “katt” to the end.

We enjoyed mini thai lecture very much. Thank you very much, **Jiraphat-san!!**
